Summary

I'm a cloud engineer at Amazon Web Services (AWS). And I'm interested in overall infrastructure, architecture, cloud, devops, distributed systems and so on.

I'm also an open source maintainer of Yorkie and a member of Kubernetes and Istio, and have many other open source activities. And I love to share my knowledge through contributing and mentoring.

Experience

Amazon Web Services Korea LLC.

Seoul, S.Korea

CLOUD SUPPORT ASSOCIATE

July, 2024 -

- Provided technical support to customers, specializing in AWS networking services.

KarrotPay Inc.

Seoul, S.Korea
